

## Weekly Proctored LSAT

Every Saturday, from 8:30-11:30am, we provide proctoring for a previously administered LSAT. LSAT performance benefits from proctored taking of previously administered LSATs for several reasons:

- it helps with performance assessment
- it helps with timing issues
- it helps with identification of issues like fatigue
- it gives you a representative test-day experience

On test-day, nothing should be distracting or require adjustment to a new environment, as nothing should create unnecessary stress or throw you off of your game. We make sure that on test-day, the only thing that you are paying attention to is the problems in front of you. And yes, that means that we make you fill in bubbles during the proctored exam, because you will be filling in bubbles on test-day. So bring a pencil.

**Cost:** \$50

**By appointment:** To reserve a seat, call 214-800-5179 or email [mmcgarry@watertongroup.com](mailto:mmcgarry@watertongroup.com).
